Aiming at Millennials as the Implementer of Travel Technology

- Indonesia Millennials Report 2019 reveals that there are at least 24 million millennials in Indonesia who travel outside the city or abroad each year.
- According to a report from Millennial Media (2019), 83% of mobile travelers use their smartphones to do researches and 67% use them to make a booking.

Founded & Run by Award-Winning Entrepreneurs

Founder & CEO

Former risk analyst for one of the largest banks in Australia who has also represented Indonesia in various startup competitions, one of which was for *Mobile Challenge Asia Pacific* (2016). He holds a bachelor's degree in Industrial Engineering.

Founder & CTO

As a full-stack programmer, The CTO has amassed a wealth of experience in REST API development, software development, and designing database. Prior to joining the company, he'd served as a CTO for a digital shop & lifestyle magazine.

A Well-Established Network of 320+ Partners Worldwide

The Company built strong partnerships and covers almost all locations across the world.
